

About Department

The department has been conceived with the ambitious objectives of developing professional expertise and skilled manpower in Information Technology (IT) and related areas. This will contribute in enabling the country to exploit efficiently emerging opportunities, and meet economic challenges being thrown up by the rapid global IT revolution, which is influencing virtually every area of development and social activity. The syllabi and courseware are designed to be flexible and wide-ranging, incorporating the cutting edge as well as ensuring a firm grasp of core fundamentals. A modular course design, along with several opportunities for industry training, gives students the freedom to tailor their learning experience. The department is committed to establish facilities for education and training in the field of IT for students and faculty members. The alumni students of this department are performing well in different multinational companies (MNC's). Some of our students are performing well in the competitive exams of international/National repute like GRE, GATE, MATS etc.

Department Vision

The department of Information Technology envisions creating groomed, technically competent and skilled intellectual IT professionals to meet the updated advanced challenges and requirement of the modern IT industry.

Department Mission

- Offer high-quality undergraduate and post graduate programs in order to prepare our graduates to become leaders in their profession.
- To provide need based quality training in the field of Information Technology.
- To maintain state-of-the-art facilities and laboratories where students and faculty can enhance their understanding of technology.
- To provide an atmosphere for students and faculty for continuous learning and research for the welfare of society.
