ABSTRACT:

Schemes of the Ministry of Human Resource Development and the Ministry of Women and Child Development deal with the empowerment of girls and women through education. Present research work is related to find out the awareness of female B.Ed. students towards the schemes running under MHRD and Indian government. Under this research only some schemes has been taken to find out the awareness of the female students. The study is experimental in nature. Sample for the proposed study were female students of 2 year B.Ed. course and 4 year B.Sc. B.Ed. and B.A. B.Ed. integrated course of Regional Institute of Education, NCERT, Bhopal. To test the awareness of B.Ed. female students of RIE, Bhopal, investigator has developed a test that is "Awareness test towards Girl Education schemes of Indian Government". After teaching these policies researcher observed that with the help of different strategies, their level of awareness were raised up to some extent, which shows the significant difference in them towards the awareness of the schemes.

INTRODUCTION

The principle of gender equality is enshrined in the Indian Constitution in its Preamble, Fundamental Rights, Fundamental Duties and Directive Principles. The Constitution not only grants equality to women, but also empowers the State to adopt measures of positive discrimination in favour of women. The goal of this Policy is to bring about the advancement, development and empowerment of women. The Ninth Five Year Plan was ambitious. It took up 'empowering women as agents of socio-economic change and development' as a major commitment. It adopted the 'National Policy for Empowerment of Women', which among
