Dear Sir,

We are pleased to inform you that your project entitled "*Probing synergistic effects of ion beam irradiation in synergistic and swift heavy ion regimes in BiFeO3 based room temperature multiferroics*" under the scheme of this Centre has been sanctioned with the following financial approval for a period of three years:

No.	Fellowship	Contingency, Consumables	Equipment
First	JRF	25,000/-	Nil
Second	JRF	25,000/-	Nil
Third	JRF	25,000/-	Nil

Your project code no. UFR- 64333 and the same should be quoted in all future correspondences.

The contingency will be inclusive of all consumables. The grant for the first year contingency will be released only after a Project Fellow JRF is appointed by the University Institution and the relevant documents along with the joining report is sent to this office.

Normal UGC guidelines will apply in all circumstances. Travel money would not be released for you but as per AUC decision, you may come to IUAC for experiments, data analysis and research discussions as required and approved by Centre. IUAC will pay your TA (by train) and the local hospitality as per rule.

Annual progress report and provisional utilization certificate duly signed by a competent authority of the university in the standard UGC format must be submitted at the completion of each financial year for enabling us to release the funds for the next financial year. As soon as annual accounts of the university are audited, the final audited utilization certificate should be sent to IUAC and the draft for the unspent grant should be sent in favour of "Inter University Accelerator Centre" available at New Delhi.

Thanking you

Yours sincerely,

(Dr. S. CHOPRA)  
 Convener, AUC
