

About the University & the Department:

Guru Ghasidas Vishwavidyalaya, started its journey as a state university since 1983, is now a central university in Chhattisgarh established under the Central Universities Act, 2009. It draws above 7000 students from different parts of the country. Apart from the regular academics in the campus, the university has successfully managed to extend its services for the welfare of society.

The importance of teachers in our society can't be underestimated. Keeping this point in mind, the department of education aims to impart the quality education to the students. The syllabi of all the courses are designed to keep pace with the latest trends and innovation in education. The objective of the department is to create professionally competent researchers, teacher educators, and prospective teachers. At present, the department offers Ph.D., M.Ed., B.Ed., B.Ed. Special Education (HI) and B.Ed. Special Education (LD) programme.

Concept Note:

Chhattisgarh was ranked at the 14th position among all the States and Union Territories (UTs) of India in education. With respect to access to school, infrastructural facilities, quality of teachers and learning outcome, it stood at the rank numbers at quite low as compared to all the States and UTs (21st in 2015-16). There is, in general, a dearth of school teachers and adequate learning materials which affects the condition of education as a whole. Moreover, having a large share of population with special needs in the state, an additional concern raises for the development and the education of these people. It is therefore, required to support the education of the CWSN at every level with funds as well as learning resources to ensure the inclusion as a serious policy and also to ensure the educational rights of the CWSN. The Department of Education, Guru Ghasidas Vishwavidyalaya, initiated extending their resources to the Children with Special Needs in the Chhattisgarh. The scheme Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching, of MHRD, GOI, empowers the department to share its responsibility in the holistic development of the education at each of elementary, secondary of tertiary level.

Under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMNMTT) Scheme of MHRD, the department envisioned development of Development of Braille & Audio-Visual learning materials for elementary classes of CG board was approved by the MHRD which aimed to develop learning materials for the visually impaired students as well as for an inclusive set up in the schools where the special needs of many other students may be addressed. The audio -visual materials may also be of help, specifically to those schools where specialised teachers are not available.
