ACKNOWLEDGEMENT

With immense pleasure and gratitude I would like to owe my sincere thanks to a great many people who have contributed to the production of my dissertation and who have made this successfully possible.

My deepest gratitude is to my guide, Dr Sandeep Kumar Morishetty, I have been amazingly fortunate to guide who gave me the freedom to explore on my own and at the same time the guidance to recover wherever my steps faltered. I am also thankful to him for providing his valuable countless time for carefully reading and commenting on encouraging me to high research standard and enforcing strict validations for cash research results, thus teaching me how to do research. He patience and support me to overcome many crisis situation and finish this dissertation.

My friends especially few friends have helped me stay strong through the difficult moments. I thank you all for your unconditional help. I thank everyone who so ever directly indirectly helped me in the completion my dissertation.

I will be forever grateful to the study participants and all the people who volunteered to participate as healthy controls.

Most importantly none of this would have been possible without the love and support of parents, my brothers and sisters who has been a constant source of love, concern support and strength all these years.
