Event Description:

The Department of Chemical Engineering, School of Studies of Engineering and Technology has successfully conducted a Webinar On “HOW TO PREPARE FOR GATE” dated 17th Dec 2022 from 10 am to 11 am all the segment of the event was carefully planned, coordinated, and presented under the guidance of our faculty advisor and coordinator Dr. Sandeep Dharmadhikari. All the students including the faculty coordinator sir were privileged with the presence of our Head, Dr. Raghavendra Singh Thakur, who started the event by sharing his thoughts and ideas regarding this event and sharing his valuable points along with his prolonged experience in this field. The talk was very fruitful for all the students of both the second-year and third-year students including students of the final year who are dedicatedly preparing for the upcoming gate examination. The session continued further under the guidance of our well-known GATE Scholar Thammina Kiran Sir who secured AIR 59 in GATE 2021 currently pursuing his M-Tech from IIT Bombay. Kiran sir answered all the questions of the students regarding there preparation for not only GATE examination but also other competitive exams including tactics of question-solving in a better way and easy methods of revising the previous topics, sir also guided the path to 2nd-year students who are preparing themselves for competitive examination with a proper strategy to crack the exams. Kiran sir also guided the students in the field of academics and reminded them of the importance of every subject they are studying, with this the session came to an ending part with Vote of Thanks delivered to every individual present at the meeting by the Convenor of IET student chapter, a 3rd-year student Parag Shrivastav and wished abundance of success to everyone who was directly or indirectly associated with this event.
