Sub - Certificate of completion of work as a "Software Developer Intern" in Presear Softwares PVT LTD.

To whomsoever it may concern, this is to certify that **"Ms Ch. Monisha"**, has completed an internship as "Software Developer Intern" from 1st May 2022 to 30th July 2022 in the core software team of **Presear Softwares PVT LTD**. Her overall involvement during the internship period was **excellent**. We would like to recommend her as a Software Developer to any startup or corporate company because of the completeness of her skills. She has worked hard for the entire duration and proved to be a valuable asset to us.

We would like to wish the best for her future.

1. Introduction

1.1 About Presear Softwares Pvt Ltd

Presear Softwares is a fast-growing software company, it excels in building scalable, secure and reliable software combined with custom-built data analytics services.

Presear Softwares focuses on software development especially software containing deep-tech technologies like AI and blockchain. The company outsources software resources and provides consultancy on emerging technology. Services like Web Development, Android Development, Hybrid Development, UI/UX Design, Cloud Development and Data Science and Research and related consultancy are being provided.

1.2 About the Project

Basically this project, is an ecommerce site that we have developed, named Socage. This site consists of frontend and backend where those too interact with each other time to time for access/retirving/storing the data or information. But at the ceratin to this report the, this explains based on the backend part of the site, like how the data is stored or retrieved. This report concentrates on brief explanation about the database and their functionalities and features such as payments, orders etc.
