## 1. Introduction

I, Harsh Raj Jha, a student pursuing a B.Tech degree in Computer Science and Engineering at Guru Ghasidas Vishwavidyalaya had the privilege of embarking on a rewarding internship journey as a Software Development Engineer (SDE) at Grant Thornton dGTL. Grant Thornton dGTL is a dynamic and forward-thinking arm of Grant Thornton Bharat LLP, which is a distinguished member firm within the global network of Grant Thornton International. My internship took place from 15 May 2023 to 14 July 2023 in Bengaluru.

## 2. Description of Internship

### 2.1 The Organization

Grant Thornton dGTL is a pioneering force in the realm of technological innovation within the Grant Thornton network. The organization's core mission is to utilize technology as a catalyst for enhancing efficiency, fostering innovation, and delivering excellence in the realms of accounting and consulting services. Grant Thornton dGTL's unwavering commitment to remaining at the forefront of technological advancements has solidified its leadership position within the industry.

**9,000+**  
people

**17**  
locations

**25**  
industries

**250+**  
business solutions  
and services

#### A Commitment to Technological Leadership

Grant Thornton dGTL distinguishes itself through an unwavering commitment to remaining at the vanguard of technological advancements. This commitment extends to a multifaceted approach:

1. **Innovation Hub:** The organization operates as an innovation hub, fostering an environment where creative ideas flourish. It actively encourages its teams to explore cutting-edge technologies, experiment with emerging trends, and conceptualize solutions that challenge the status quo.
