ABSTRACT

This report has projected NTPC as one of the most diversified and leading companies of India. The historical background of NTPC highlights its gradual establishment. The division into various groups depicts its diversification.. It starts with an introduction to company profile. It highlights the overview of the different products & services that the company provides to its customers to keep the healthy relationship with its customers. And it also help us to know the contribution of NTPC in total generation capacity in India & abroad. Basically NTPC is one of the leading companies in India.

I had my training experience from 03/06/2024 to 03/07/2024 at NTPC BARH .This report documents contains the knowledge and experience .
