

**A REPORT ON MECHANICAL, BIOLOGICAL AND CHEMICAL EFFLUENT  
TREATMENT PLANT & WASTE WATER ANALYSIS**

*Internship report submitted in partial fulfilment for the award of degree of*

**VIZAG  
STEEL**  
Pride of Steel

**RINL VISAKHAPATNAM STEEL PLANT  
SUBMITTED BY :**

**VASANTHATI DASU -100017150**

**Under the Esteemed Guidance of**

**Shri. B. SRINIVAS**

**Dy. General Manager(O)CO & CCP**

**Shri. A. BAPUJI**

**Dy. General Manager(O)CO & CCP**

**In the partial fulfilment of project Internship for the award of degree of 4-Years of B-  
Tech In CHEMICAL ENGINEERING**

**GURU GHASIDAS VISHWAVIDYALAYA, BILASPUR, CHATTISGARH**

## LIST of CONTENTS

| S.No | TITLE  | Pg.No |
|------|--|-------|
| 1    | Introduction To Visakhapatnam Steel Plant              | 1-2   |
| 2    | Introduction To CO & CCP                               | 3     |
| 2.1  | Carbonisation  | 3     |
| 2.2  | Coal selection and preparation                         | 4     |
| 2.3  | Coal Crushing and Storage Process                      | 5     |
| 2.4  | Coke Oven Batteries                                    | 6-8   |
| 2.5  | Process  | 8     |
| 2.6  | Coke Dry Cooling Plant (CDCP)                          | 8-10  |
| 3    | By-Products Recovery from CO Gas                       | 11    |
| 3.1  | Introduction   | 11    |
| 3.2  | Tar Distillation Plant                                 | 11-17 |
| 3.3  | Benzol Distillation Plant (BDP)                        | 18-20 |
| 3.4  | Ammonium Sulphate Plant                                | 21-24 |
| 4    | Mechanical Biological and Chemical Treatment Plant     | 25    |
| 4.1  | The qualities of different inlet effluent to MBC plant | 26    |
| 4.2  | Source of Effluent                                     | 26-27 |
| 4.3  | Major Pollutants in Coke Oven Effluent Water           | 27-28 |

|     |  |       |
|-----|--|-------|
| 4.4 | Source and Pre-Treatment of W1 water before treatment in MBC Plant | 28-36 |
| 4.5 | Identification of Pollutants                                       | 36-37 |
| 5   | Laboratory Analysis of Effluent Stream at MBC                      | 38    |
| 5.1 | Parameters analysed in MBC Lab                                     | 38    |
| 5.2 | Chemistry in Laboratory Testing                                    | 39-45 |
| 6   | Preparation and Consumption of Chemicals at MBC                    | 46    |
| 6.1 | Chemical used to treat toxic Effluents                             | 46    |
| 6.2 | Preparation of reagent   | 47-48 |
| 7   | Chemical Data Analysis of Effluent Stream at Various Stages        | 49    |
| 7.1 | Chemical Data Analysis   | 49-51 |
| 7.2 | Reactions involved in various stages                               | 52-75 |
| 8   | Conclusion   | 76    |

**RINL, VISAKHAPATNAM STEEL PLANT  
VISAKHAPATNAM-530031, ANDHRA PRADESH  
CO&CCP DEPARTMENT**

**CERTIFICATION**

**This is Certify that the summer project report entitled “A Report on  
MECHANICAL, BIOLOGICAL AND CHEMICAL EFFLUENT  
TREATMENT PLANT & WASTE WATER ANALYSIS”.**

**It is a Bonafide record of work done by**

**VASANTHATI DASU -100017150**

**In partial fulfilment of the academic requirement for the award of B-  
tech in Chemical Engineering During the Academic Year of 2022-  
2023**

**B. SRINIVAS  
Dy. GENERAL MANAGER (O)**
