

**One Day Awareness/Training Program
on
Environmental Activities and Miyawaki Plantation**

Venue: Thriveni Sainik Mining Pvt. Ltd., Hazaribagh Jharkhand.

Date- 30/09/2023

Report

Under the guidance of Prof. Alok Kumar Chakrawal, the Vice Chancellor of Guru Ghasida Central University, Bilaspur, Chhattisgarh, the Department of Forestry organized a one-day awareness and training program on environmental activities and Miyawaki plantation under Consultancy Project awarded to Dr Ajay Kumar Singh, Assistant Professor, Department of Forestry, GGV, Bilaspur at Thriveni Sainik Mining Pvt. Ltd. in Barkagaon, Hazaribagh, Jharkhand. A total of 35 individual participated in this program.

The workshop commenced with an inaugural address by the coordinator, Dr. Ajay Kumar Singh, Assistant Professor in the Department of Forestry at Guru Ghasidas Vishwavidyalaya. Dr. Singh emphasized the crucial role of the environment in our daily lives and elaborated on Miyawaki plantation, its methodology, and the associated benefits. Dr. Ajay Kumar Srivastava, Resource person & Head of the Department of Botany at St. Xavier's College, Ranchi, Jharkhand, discussed environmental safety and simple adjustments that individuals can make to contribute to environmental conservation, such as using cloth bags instead of plastic and conserving energy by turning off power when not needed. Another resource person, Mr. Ravish Kumar, the Environment Manager at Thriveni Sainik Mining Pvt. Ltd., provided valuable information to the participants on conserving the environment and outlined steps for sustainable environmental development.

The training program concluded with a field visit to the Miyawaki plantation site, a collaborative effort between the Department of Forestry, Wildlife, and Environmental Sciences and Thriveni Sainik Mining Pvt. Ltd.

One Day workshop on Snakebite Awareness

Date- 21/07/2023

Under the guidance of Prof. Alok Kumar Chakrawal, the Vice Chancellor of Guru Ghasida Central University, the Department of Forestry organized a workshop on snakebite awareness in the Barkagaon area of Hazaribagh district, Jharkhand. This workshop marked the first of its kind organized by the department in a other state. Dr. Ajay Kumar Singh, an Assistant Professor of the Department, efficiently coordinated the workshop, while Prof. K. K. Chandra, the Department Head, delivered comprehensive insights about the workshop on behalf of the department.

The workshop emphasized the significant issue of snakebites, particularly prevalent during the rainy season, which leads to numerous fatalities. The local attendees, numbering around 60, received a thorough understanding of this concern and were enlightened about preventive measures during the workshop. The insightful presentation resonated well with the participants. Notable attendees included Ashutosh Anand, a research scholar from the department, Narendra Sahu, a post-graduate student, and Shubham Tandon, an alumnus of the university.

Brief Report on
WORLD ENVIRONMENT DAY REPORT

Date: 05 June 2023

The World Environment Day was celebrated by the department of Forestry, Wildlife & Environmental Sciences, Guru Ghasidas Vishwavidyalaya, Bilaspur, C. G.

In compliance of the guidelines and direction from Ministry of education Government of India, this year the occasion was celebrated for a months started from 6 May 2023, where theme based activities were organized in the university. The theme of the celebration was on Mission Life where six theme were chosen including avoid food wastage, composting of organic and decomposable waste, use of less paper, plastic free campus and use of EV for transports. A national workshop on Mission life organized on 4th June 2023 where Dr. Ram Bhuj, CEO Mobius Foundation Delhi, India, Former Member of UNESCO & SACAM were the speaker. On the monthly celebration various competitions viz. painting, poster writing, cycle rally, campaign on plantation, plastic free campus etc were organized. All the reports were uploaded in the MOE webpage of Mission life.

- **Avoid food wastage in Hostels and Cafeterias – promote serving of small portions** •

Date: 11.05.2023

To create awareness among the masses, the students of Guru Ghasidas Vishwavidyalaya campaigned a rally regarding 'Avoid of Food Wastage in Hostels and Cafeterias'. From small canteens within the campus to large dining halls of hostels, the amount of food wastage is a matter of concern. Raising awareness about the serious problems prevailing in the world like hunger and malnutrition, the students urged not to waste the food. Thus, to make people sensitive towards this important issue and for environmental consciousness, the students appealed for adapting the ways to cut down meal wastage within the premises.

- Setting up composting centres for making compost out of dried leaves/waste food/ organic waste to be utilised as manures •

Date: 09.05.2023

To implement the concept of sustainable environment and green campus, the students of Guru Ghasidas Vishwavidyalaya carried out the litter collection activity in the campus. Various organic waste like dry leaves, twigs, plant stalks, etc. were collected for the preparation of the compost. The collected litter was dumped in several compost pit set up at different parts of the university. The basic purpose of this activity was to promote clean and green campus and to reduce the consumption and dependency upon chemical fertilizers by preparing organic manure through collected litter.

• **Creating less paper or Digital Campuses to avoid use of paper** •

Date: 12.05.2023

With the motive of saving nature, conserving environment and trees, the students of Guru Ghasidas Vishwavidyalaya gave the message of less use of paper and digital campus. Students informed that the environmental effects of paper production include deforestation, the use of enormous amount of energy and water as well as air pollution and waste problems. Through an awareness rally, the students plead for the reduction in the consumption of the paper in the University. The students emphasized the digitalization of the campus to cut down the use of paper for environmental sustainability.

• Painting and Poster Making Competition •

Date: 11.05.2023

To stand unite against various environmental threats, the students of Guru Ghasidas Vishwavidyalaya gave the message of saving the environment through their posters. They raised the awareness about sustainable lifestyle for healthy environment by inspiring, informing and educating the youth. In the drawing and poster making competition, students depicted serious environmental problems like pollution, global warming, deforestation, water scarcity etc. and appealed for the urgent actions to conserve, protect and restore the environment.

• Making College and University Campuses Plastic-Free •

Date: 12.05.2023

With the aim to reduce plastic waste and pollution in the campus, the students of Guru Ghasidas Vishwavidyalaya organized an awareness programme on the 'Plastic-Free Campus'. The students gave the message of reducing single-use plastic and the eco-friendly campus through various posters, slogans and signboards. Students made the awareness about various damages, harms and stress caused to soil, water, biodiversity and environment due to plastic. They encouraged the students to sensitize the society about the harmful effects of plastics and to use and promote its alternatives for healthy life and a healthy environment.

World Water Day celebration and Skill Development Program on “Jal Shakti: Catch the Rain”

(22nd March, 2023)

The Department of Forestry, Wildlife & Environmental Sciences hosted an inauguration ceremony for Workshop on “**World Water Day celebration and Skill Development Program on “Jal Shakti: Catch the Rain”**” on March 22 2024, at 10:30 AM. Honorable Vice Chancellor of the University Prof. Alok Kumar Chakrawal, Special Guest Shri A.K. Sahu, Ex. Dean, College of Agriculture Engineering. IGKV, Prof. S. C. Tiwari, Dean of the School of Natural Resources, Prof. K. K. Chandra, Head, Forestry Guru Ghasidas Vishwavidyalaya, Bilaspur (C.G.) Prof. Dr. Ajay Kumar Singh Co-ordinator, Ghasidas Vishwavidyalaya, Bilaspur (C.G.) other Deans of the Guru Ghasidas Vishwavidyalaya, Heads of various Departments, Faculty Members, Research Scholars, and University students attended the event..

The World Water Day celebration and Skill Development Program on “Jal Shakti: Catch the Rain” aim to increase awareness about the critical need for water conservation, with a special focus on rainwater harvesting. The program seeks to educate participants on the importance of preserving water resources in light of increasing water scarcity and climate change. Through interactive sessions, practical demonstrations, and expert talks, the initiative will equip participants with the knowledge and skills necessary to implement effective rainwater harvesting systems, promote sustainable water management practices, and encourage community-driven efforts to protect water resources.

The workshop successfully enhanced participants' understanding of rainwater harvesting techniques and their role in sustainable water conservation. Attendees gained hands-on experience through practical demonstrations, enabling them to implement these techniques in their own communities. The program fostered a strong sense of environmental responsibility, with many participants committing to advocate for water conservation practices. As a result, the workshop contributed to building a more water-secure and resilient community, aligning with the broader goals of the “Jal Shakti: Catch the Rain” campaign.
