Introduction

This report details my internship experience at the Block Panchayat Engineering Department in Kondotty Block office, Malappuram, Kerala, India. The internship spanned from Start Date of 01-06-2024 to End Date of 30-06-2024, for a duration of 30 days or one month. During this period, I had the opportunity to gain valuable insights into the functioning of rural infrastructure development at the grassroots level. And Government projects for the development of the rural and urban area of the block panchayat. The department officers led the contractors to complete their job with morality and Trustworthy.
