#### **Brief Introduction of Programme**

The BSc Computer Science under Guru Ghasidas Vishwavidyalaya's **Apprenticeship-Based Degree Programme (ABDP)** blends academic learning with practical industry exposure, preparing students for dynamic careers in Computer Science. Aligned with **NEP 2020**, this four-year program covers key areas like Software Design, Data Science, Cyber Security, Artificial Intelligence, Digital Engineering and Machine Learning, while integrating hands-on apprenticeship training. This dual approach ensures students develop **job-ready skills**, enhancing their employability in sectors like Software / ITes Industry, Govt. Sector, PSUs, e-commerce company, banking, education technology, supply chain management, and other allied sectors. Graduates emerge as industry-ready professionals with a strong foundation in both theory and real-world emerging information technology practices.

The Department of Computer Science & Information Technology is proposing to announce the commencement of a new **4-Year Undergraduate Degree Programme — B.Sc. (Computer Science), Apprenticeship Based Degree Programme (B.Sc.-CS, ABDP)** from the **Academic Session 2025–26**. Applications for admission to this course are currently open. A total of **40 seats** is proposed under this admission category. This will be **direct admission on merit basis**. **No CUET score is required.**

Under this **NEP-based programme**, students will have the opportunity to undergo **apprenticeship training in Industry for a maximum period of 2 years**, while devoting **max 2 years for academic learning in the institution**. This innovative model provides students the

opportunity to “**earn while learn**”, equipping them with both academic knowledge and real industry exposure.
