

Title of the Seminar : Forest for Environment and Rural Livelihood

Venue: DEPARTMENT OF RURAL TECHNOLOGY

Organized by: Dr Alka Mishra

Assistant Professor, DEPARTMENT OF RURAL TECHNOLOGY

Brief report of the event mentioning resource person(s) name, affiliation, total number of participants.

World Environment Day is an annual United Nations event on June 5th to encourage awareness and action for the protection of the environment. Established in 1972, it has grown into a major global platform with a different theme each year to focus on urgent environmental issues like plastic pollution, climate change, and biodiversity loss. Each year a unique theme is chosen to spotlight a specific environment issue and 2024 theme was Our land our Future. In this view Department has organized Webinar on theme Forest for Environment and Rural Livelihood. Welcome speech was given by Dr Alka Mishra. First Invited Speaker was Prof Tarun Thakur, Head Dept of Environment Sciences, IGNTU, Amarkantak, (M.P.) Next lecture was given by Prof Jyotsu Dutta on Nature based solution for Environment protection. Very impactful lecture was given by Prof. S.L Swamy on Climate change and its impact on rural livelihood. Vote of thanks was given by Dr Bhaskar Chaurasiya.

Add few photographs (Geo-tag photos if available), Browser of the event.
