One day workshop on "Scientific manuscript and patent writing" was organized by Department of Pharmacy, Guru Ghasidas Vishwavidyalaya on 26th September, 2024

Department of Pharmacy, Guru Ghasidas Vishwavidyalaya (GGV) recently hosted an informative one-day workshop on "Scientific manuscript and patent writing" aimed at providing researchers with essential skills for academic success. The conference began with an inauguration ceremony graced by the Acting Vice-Chancellor, Prof Amit Kumar Saxena. Registrar, Prof A. S. Ranadive, Dean of Faculty, Prof. S.C. Tiwari and keynote speaker, Dr. Dadasaheb Kokare (RTMNU, Nagpur), Head of Department, Prof. Bharti Ahirwar. Their presence underscored the importance of academic gatherings in promoting interdisciplinary collaboration and research growth. The entire conference was coordinated by Dr. Nishant Sudhir Jain, Dr. Partha Pratim Roy and Dr. Akhlesh Kumar Jain of Department of Pharmacy.

The event saw over 60 participants from various disciplines all over India, emphasizing the diverse research interests present. The conference was organized into two main sessions. The first half opened with a presentation by Dr. Arjun Patra, who outlined the fundamental steps for preparing research manuscripts. He emphasized the importance of structured research writing, focusing on clarity, precision, and adherence to journal guidelines. Dr. Patra provided practical tips for manuscript submission, a topic that resonated with many attendees. Following this, Dr. Kokare delivered another insightful session on managing manuscript rejection. He shared strategies for responding to editorial feedback and revising manuscripts effectively, offering a step-by-step guide on preparing a comprehensive response file. His advice helped equip attendees to handle the often-difficult process of rejection with professionalism and confidence. After a lunch break, the second half of the conference featured presentations from other distinguished speakers. Dr. Nishant S. Jain led a session on effective referencing in academic writing, introducing software tools like EndNote, Mendeley, and Zotero for citation management. He stressed the importance of accurate referencing for maintaining academic integrity and improving the credibility of research manuscripts. Next, Dr. A.K. Jain discussed the process of writing books and book chapters, offering guidance on structuring content and ensuring coherence. His session provided a roadmap for researchers looking to expand their contributions into more comprehensive publications. The final speaker, Dr. V. Mandal, covered the intricacies of filing patents. He explained the process of protecting intellectual property rights in research, which was particularly relevant to participants working on innovative projects. His session provided valuable insights into patent application procedures and safeguarding original research work. At the end of the conference, all participants were awarded certificates of participation and mementos, recognizing their engagement throughout the event. The conference was hailed as a success, leaving attendees with fresh perspectives, practical skills, and strategies for advancing their research careers.

This event marks another step forward for GGV in its commitment to promoting academic excellence, fostering innovation, and creating an environment that supports interdisciplinary collaboration in research. The event was sponsored by Shreya Scientifics, Bilaspur, Chakraborty Enterprises, Kolkata, Prateek Enterprises, Bilaspur, Nirali Prakashan, Pune MH, Panjab National Bank, Koni, Bilaspur and Bank of India, Koni Bilaspur.
